

Freshers' day

Freshers' Day was organised on 15th September 2010,. Everybody in all the BTS' sections was invited!! Everybody!! First and second years!

In the morning, we had two hours and a half to make a mascot, to choreograph, to compose a song and to find a war -cry. I think it was too short and other pupils think the same thing. One morning to do all these things and without forgetting to get to know the first year students, it was so short! But it was a very good morning!

In the afternoon, the strong points were the activities, different activities: Discover a treasure, show our competence in the cultural' game. It was so funny and thanks to these activities we were able to discover the motivation of pupils.

THEY WERE MOTIVATED! WE WERE MOTIVATED! It was a good thing to win! And WE WANTED TO WIN!

However, we were disappointed when we heard that one section could have cheated but this is a rumour... After all the games, we sang, we danced and when other sections passed, we went to eat and drink, listening and looking them.

When the teachers announced the score we were happy to discover we came second. It was **WONDERFUL! WE WERE VERY HAPPY!**

And this Freshers' Day will stay in all memories!

OUR BEST MEMORIES!

The students made their show!!

« The day began with the presentation of SAM1's students in the classroom. The students were intimidated, and so were we, because we didn't know how to approach them.

Then, the group was created, the conversation started...

The SAM2 students managed a little the other students, because they were shy!

They saw how our class was, maybe they were afraid.

In the morning, we made a mascot, a song, a choreography and a war-cry.

Concerning the dance, Lorraine was the teacher, for the song, we discovered a SAM1' student, who sang very well, he found almost all the song !! He was excellent !

Then, for the mascot, all the students participated, for a war-cry we found it just before the game, we didn't have enough time.

In the afternoon, began we all wanted to win! It was very important for us. It's was a true challenge!!

In the gymnasium, all the BTS looked at the others, it was fun! A true competition...

Concerning, the activities, the games were very good. There were « culture », « sport » and « discovery ». The games

weren't easy! But all the students played the game!

The moment of the results arrived! Before we did the demonstration of our choreography, of our song and we presented our mascot « SAMantha »! She was very beautiful, we were very proud !

In spite of our determination, we didn't win, but we were number two!! And, the most important, is that our Samantha won !! Our mascot was the most beautiful...

This day was very good, we were able to discover the SAM1 students. They are very well. I didn't find negative points. Even if we didn't win, we were the best !!... »
